

## **ABORIGINAL EDUCATION PROGRAM**

I would like to acknowledge the territory of the Lleidli T'enneh Nation on whose territory we stand on.

Aboriginal Education programs at CHSS provide information, advocacy and a wide array of resources and opportunities to enhance the learning environment for all Aboriginal students - First Nations, Metis and Inuit.

The Support Worker, together with the families, community, administrators and staff, responds to the academic and social needs of Aboriginal students when needed.

A variety of initiatives and supports are offered to assist and empower students to achieve to their potential. Promoting awareness for cross-cultural education, enhancing an understanding and respect between First Nations and non-First Nations people is at the forefront of Aboriginal Education at CHSS.

Please feel free to contact the school or worker for more information.
