March 8, 2019

Dear Parents and Guardians,

This letter is to confirm that we initiated our emergency procedures protocol today at our school. Police received information regarding threats directed at Polaris Montessori School here in Prince George.

The RCMP recommended the evacuation of Polaris Montessori (see attached RCMP Media Release). As a result, students were bussed to École College Heights Elementary School.

Parents were contacted by school staff and students were safely picked up.

The RCMP has determined that students are safe to report to school as usual on Monday morning.

We would like to thank all students and staff for responding safely, efficiently and professionally to this incident.

The Critical Incident Response Team will be available in the event that your child is experiencing difficulties as a result of this incident.

Please contact us at the school, should you have any questions.

Sincerely,

Mr. Tim Yule, Principal
Polaris Montessori Elementary
