

Montessori Infant Toddler Drop in Program

By participating in the Montessori Infant Toddler Program, children will learn to build on their skills with age appropriate learning opportunities.

Engagement in the prepared environment will allow infants and toddlers the opportunity to learn skills such as:

- ❖ Freedom of movement
- ❖ Hand-Eye coordination
- ❖ Two hands working together
- ❖ Acquisition of language
- ❖ Caring for themselves
- ❖ Social skills

Infants/toddlers absorb every sight, sound, smell, taste, and touch around them. The infant toddler is a whole and capable person and learning environments should reflect their needs. A prepared environment allows for free movement to explore and learn. One morning each week at the Montessori Infant Toddler Drop in Program, parents, infants, and toddlers come together with the facilitator to experience an environment set up to encourage development of movement, acquisition of language, and the refinement of visual, auditory and tactile perception.

Next Sessions

September 25-October 30

November 6- December 11

Cost

\$50 for 6 week session

Pre-register by emailing

mschroeder@netbistro.com

Time

Friday mornings 9:00 to 11:00 am

"Children are human beings to whom respect is due, superior to us by reason of their innocence and of the greater possibilities of their future"
