## MANAGEMENT REPORT

Version: 1399-9653-7671

Management's Responsibility for the Financial Statements.

The accompanying financial statements of School District No. 57 (Prince George) have been prepared by management in accordance with the accounting requirements of Section 23.1 of the Budget Transparency and Accountability Act of British Columbia, supplemented by Regulations 257/2010 and 198/2011 issued by the Province of British Columbia Treasury Board, and the integrity and objectivity of these statements are management's responsibility. Management is also responsible for all of the notes to the financial statements and schedules, and for ensuring that this information is consistent, where appropriate, with the information contained in the financial statements.

The preparation of financial statements necessarily involves the use of estimates based on management's judgment particularly when transactions affecting the current accounting period cannot be finalized with certainty until future periods.

Management is also responsible for implementing and maintaining a system of internal controls to provide reasonable assurance that assets are safeguarded, transactions are properly authorized and reliable financial information is produced.

The Board of Education of School District No. 57 (Prince George) (called the "Board") is responsible for ensuring that management fulfills its responsibilities for financial reporting and internal control and exercises these responsibilities through the Board. The Board reviews internal financial statements on a monthly basis and externally audited financial statements yearly.

The external auditors, KPMG LLP, conduct an independent examination, in accordance with Canadian generally accepted auditing standards, and express their opinion on the financial statements. The external auditors have full and free access to financial management of School District No. 57 (Prince George) and meet when required. The accompanying Independent Auditors' Report outlines their responsibilities, the scope of their examination and their opinion on the School District's financial statements.

On behalf of School District No. 57 (Prince George)

## INDEPENDENT AUDITORS' REPORT

To the Board of Education of the School District No. 57 (Prince George)  
To the Minister of Education, Province of British Columbia

### Opinion

We have audited the financial statements of School District No. 57 (Prince George) (the Entity), which comprise:

- the statement of financial position as at June 30, 2021
- the statement of operations for the year then ended
- the statement of changes in net debt for the year then ended
- the statement of cash flows for the year then ended
- and notes to the financial statements, including a summary of significant accounting policies

(hereinafter referred to as the "financial statements").

In our opinion, the accompanying financial statements are prepared, in all material respects, in accordance with the financial reporting provisions of Section 23.1 of the Budget Transparency and Accountability Act of the Province of British Columbia.

### Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the "***Auditors' Responsibilities for the Audit of the Financial Statements***" section of our auditors' report.

We are independent of the Entity in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada and we have fulfilled our other ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### **Emphasis of Matter – Financial Reporting Framework**

We draw attention to note 2 to the financial statements which describes the applicable financial reporting framework and the significant differences between the financial reporting framework and Canadian public sector accounting standards.

Our opinion is not modified in respect of this matter.

### **Other Information**

Management is responsible for the other information. Other information comprises:

- Information, other than the financial statements and the auditors' report thereon, included in Unaudited Schedules 1-4 attached to the audited financial statements

Our opinion on the financial statements does not cover the other information and we do not and will not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

We obtained the Information, other than the financial statements and the auditors' report thereon, included in the unaudited Schedules 1-4 attached to the audited financial statements as at the date of this auditors' report. If, based on the work we have performed on this other information, we conclude that there is a material misstatement of this other information, we are required to report that fact in the auditors' report.

We have nothing to report in this regard.

### **Responsibilities of Management and Those Charged with Governance for the Financial Statements**

Management is responsible for the preparation of the financial statements in accordance with the financial reporting provisions of Section 23.1 of the Budget and Transparency and Accountability Act of the Province of British Columbia and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Entity's ability to continue as a going concern, disclosing as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Entity or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Entity's financial reporting process.

### **Auditors' Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Entity's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Entity to cease to continue as a going concern.
- Communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

**SCHOOL DISTRICT NO. 57 (PRINCE GEORGE)  
NOTES TO FINANCIAL STATEMENTS  
YEAR ENDED JUNE 30, 2021**

---

**NOTE 1      AUTHORITY AND PURPOSE**

School District No. 57 (Prince George) ("the School District"), established on April 15, 1946, operates under authority of the School Act of British Columbia as a corporation under the name of "The Board of Education of School District No. 57 (Prince George)", and operates as "School District No. 57 (Prince George)". A board of education ("Board") elected for a four-year term governs the School District. The School District provides educational programs to students enrolled in schools in the district, and is principally funded by the Province of British Columbia through the Ministry of Education. School District No. 57 (Prince George) is exempt from federal and provincial corporate income taxes.

The COVID-19 outbreak was declared a pandemic by the World Health Organization in March 2020 and has had a significant financial, market and social dislocating impact worldwide. Under direction of the Provincial Health Officer, all schools suspended in-class instruction in March 2020 and the District remained open to continue to support students and families in a variety of ways. Parents were given the choice to send their children back to school on a gradual and part-time basis beginning June 1, 2020 and full-time beginning September 1, 2020 with new health and safety guidelines. The ongoing impact of the pandemic presents uncertainty over future cash flows and may have a significant impact on future operations including decreases in revenue, impairment of receivables, reduction in investment income and delays in completing capital project work. As the situation is dynamic and the ultimate duration and magnitude of the impact are not known, an estimate of the future financial effect on the District is not practicable at this time.

**NOTE 2      SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

a) Basis of Accounting

These financial statements have been prepared in accordance with Section 23.1 of *the Budget Transparency and Accountability Act of the Province of British Columbia* supplemented by Regulations 257/2010 and 198/2011 issued by the Province of British Columbia Treasury Board. This Section requires that the financial statements be prepared in accordance with the set of standards and guidelines that comprise generally accepted accounting principles for senior governments in Canada, or if the Treasury Board makes a regulation, the set of standards and guidelines that comprise generally accepted accounting principles for senior governments in Canada as modified by the alternate standard or guideline or part thereof adopted in the regulation.

Regulation 257/2010 requires that all tax-payer supported organizations in the Schools, Universities, Colleges and Hospitals sectors prepare their financial statements in accordance with Canadian public sector accounting standards.

Regulation 198/2011 requires that restricted contributions received or receivable for acquiring or developing a depreciable tangible capital asset or contributions in the form of a depreciable tangible capital asset are to be deferred and recognized in revenue at the same rate that amortization of the related tangible capital asset is recorded. For British Columbia tax-payer

**SCHOOL DISTRICT NO. 57 (PRINCE GEORGE)  
 NOTES TO FINANCIAL STATEMENTS  
 YEAR ENDED JUNE 30, 2021**

---

**NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

a) Basis of Accounting (*continued*)

supported organizations, these contributions include government transfers and externally restricted contributions. The accounting policy requirements under Regulation 198/2011 are significantly different from the requirements of Canadian public sector accounting standards which requires that

- government transfers, which do not contain a stipulation that creates a liability, be recognized as revenue by the recipient when approved by the transferor and the eligibility criteria have been met in accordance with public sector accounting standard PS3410; and
- externally restricted contributions be recognized as revenue in the period in which the resources are used for the purpose or purposes specified in accordance with public sector accounting standard PS3100.

As a result, revenue recognized in the statement of operations and certain related deferred capital revenue would be recorded differently under Canadian Public Sector Accounting Standards. The impact of this difference on the financial statements of the School District is as follows:

	June 30, 2021	June 30, 2020
Decrease in Annual Surplus	\$ 21,460	\$ 802,071
Increase in Accumulated Surplus	\$ 108,794,862	\$ 77,679,971
Decrease in Deferred Contributions	\$ 108,794,862	\$ 77,679,971

b) Cash and Cash Equivalents

Cash and cash equivalents include cash and highly liquid securities that are readily convertible to known amounts of cash and that are subject to an insignificant risk of change in value. These cash equivalents generally have a maturity of three months or less at acquisition and are held for the purpose of meeting short-term cash commitments rather than for investing.

c) Accounts Receivable

Accounts receivable are measured at amortized cost and shown net of allowance for doubtful accounts.

d) Portfolio Investments

The School District has investments in guaranteed investment certificates and term deposits that have a maturity date of greater than 3 months at the time of acquisition. GICs and term deposits not quoted in an active market are reported at cost or amortized cost.

Impairment is defined as a loss in value of a portfolio investment that is other than a temporary decline and is included in the Statement of Operations. In the case of an item in the fair value category, a reversal of any net re-measurement gains recognized in previous reporting periods up to the amount of the write-down is reported in the statement of re-measurement gains and losses. The loss is not reversed if there is a subsequent increase in value.

**SCHOOL DISTRICT NO. 57 (PRINCE GEORGE)  
NOTES TO FINANCIAL STATEMENTS  
YEAR ENDED JUNE 30, 2021**

---

**NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** *(continued)*

d) Portfolio Investments *(continued)*

Detailed information regarding portfolio investments is disclosed in note 4.

e) Unearned Revenue

Unearned revenue includes receipt of proceeds for services or products to be delivered in a future period. Revenue will be recognized in that future period when the courses, services, or products are provided.

f) Deferred Revenue and Deferred Capital Revenue

Deferred revenue includes contributions received with stipulations that meet the description of restricted contributions in the Restricted Contributions Regulation 198/2011 issued by Treasury Board. When restrictions are met, deferred revenue is recognized as revenue in the fiscal year in a manner consistent with the circumstances and evidence used to support the initial recognition of the contributions received as a liability as detailed in note 2 (m).

Funding received for the acquisition of depreciable tangible capital assets is recorded as deferred capital revenue and amortized over the life of the asset acquired as revenue in the statement of operations. This accounting treatment is not consistent with the requirements of Canadian Public Sector Accounting Standards which require that government transfers be recognized as revenue when approved by the transferor and eligibility criteria have been met unless the transfer contains a stipulation that creates a liability in which case the transfer is recognized as revenue over the period that the liability is extinguished. See note 2 (a) for the impact of this policy on these financial statements.

g) Employee Future Benefits

The School District provides certain post-employment benefits including vested and non-vested benefits for certain employees pursuant to certain contracts and union agreements. The School District accrues its obligations and related costs including both vested and non-vested benefits under employee future benefit plans. Benefits include vested sick leave, accumulating non-vested sick leave, early retirement, retirement/severance, vacation, overtime and death benefits. The benefits cost is actuarially determined using the projected unit credit method pro-rated on service and using management's best estimate of expected salary escalation, termination rates, retirement rates and mortality. The discount rate used to measure obligations is based on the cost of borrowing. The cumulative unrecognized actuarial gains and losses are amortized over the expected average remaining service lifetime (EARSL) of active employees covered under the plan.

The most recent valuation of the obligation was performed at March 31, 2019 and projected to March 31, 2022. The next valuation will be performed at March 31, 2022 for use at June 30, 2022. For the purposes of determining the financial position of the plans and the employee future benefit costs, a measurement date of March 31 was adopted for all periods subsequent to July 1, 2004.

**SCHOOL DISTRICT NO. 57 (PRINCE GEORGE)**  
**NOTES TO FINANCIAL STATEMENTS**  
**YEAR ENDED JUNE 30, 2021**

---

**NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** *(continued)*

g) Employee Future Benefits *(continued)*

The School District and its employees make contributions to the Teachers' Pension Plan and Municipal Pension Plan. The plans are multi-employer plans where assets and obligations are not separated by employer. The costs are expensed as incurred.

h) Liability for Contaminated Sites

Contaminated sites are a result of contamination being introduced into air, soil, water or sediment of a chemical, organic or radioactive material or live organism that exceeds an environmental standard. The liability is recorded net of any expected recoveries. A liability for remediation of contaminated sites is recognized when a site is not in productive use and all the following criteria are met:

- contamination exceeds the environmental standard;
- the School District:
  - is directly responsible; or
  - accepts responsibility;
- it is expected that future economic benefits will be given up; and
- a reasonable estimate of the amount can be made.

The liability is recognized as management's estimate of the cost of post-remediation including operation, maintenance and monitoring that are an integral part of the remediation strategy for a contaminated site.

i) Tangible Capital Assets

The following criteria apply:

- Tangible capital assets acquired or constructed are recorded at cost which includes amounts that are directly related to the acquisition, design, construction, development, improvement or betterment of the assets. Cost also includes overhead directly attributable to construction as well as interest costs that are directly attributable to the acquisition or construction of the asset.
- Donated tangible capital assets are recorded at their fair market value on the date of donation, except in circumstances where fair value cannot be reasonably determined, which are then recognized at nominal value. Transfers of capital assets from related parties are recorded at carrying value.
- Work-in-progress is recorded as an acquisition to the applicable asset class at substantial completion.
- Tangible capital assets are written down to residual value when conditions indicate they no longer contribute to the ability of the School District to provide services or when the value of future economic benefits associated with the sites and buildings are less than their net book value. The write-downs are accounted for as expenses in the Statement of Operations.

**SCHOOL DISTRICT NO. 57 (PRINCE GEORGE)**  
**NOTES TO FINANCIAL STATEMENTS**  
**YEAR ENDED JUNE 30, 2021**

---

**NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** *(continued)*

i) Tangible Capital Assets *(continued)*

- Buildings that are demolished or destroyed are written-off.
- Works of art, historic assets and other intangible assets are not recorded as assets in these financial statements.
- The cost, less residual value, of tangible capital assets (excluding sites), is amortized on a straight-line basis over the estimated useful life of the asset. It is management's responsibility to determine the appropriate useful lives for tangible capital assets. These useful lives are reviewed on a regular basis or if significant events initiate the need to revise.
- Estimated useful life is as follows:

Buildings	40 years
Furniture & Equipment	10 years
Computer Hardware & Software	5 years

j) Capital Leases

Leases that, from the point of view of the lessee, transfer substantially all the benefits and risks incident to ownership of the property to the School District are considered capital leases. These are accounted for as an asset and an obligation. Capital lease obligations are recorded at the present value of the minimum lease payments excluding executor costs, e.g., insurance, maintenance costs, etc. The discount rate used to determine the present value of the lease payments is the lower of the School District's rate for incremental borrowing or the interest rate implicit in the lease.

All other leases are accounted for as operating leases and the related payments are charged to expenses as incurred.

k) Prepaid Expenses

Prepaid insurance and prepaid subscriptions, courses, seminars and travel are included as a prepaid expense and stated at acquisition cost and are charged to expenses over the periods expected to benefit from it.

l) Funds and Reserves

Certain amounts, as approved by the Board are set aside in accumulated surplus for future operating and capital purposes. Transfers to and from funds and reserves are an adjustment to the respective fund when approved. (see Note 12 - Interfund Transfers and Note 19 - Internally Restricted Surplus)

m) Revenue Recognition

Revenues are recognized in the period in which the transactions or events occurred that gave rise to the revenues. All revenues are recorded on an accrual basis, except when the accruals cannot be determined with a reasonable degree of certainty or when their estimation is impracticable.

**SCHOOL DISTRICT NO. 57 (PRINCE GEORGE)**  
**NOTES TO FINANCIAL STATEMENTS**  
**YEAR ENDED JUNE 30, 2021**

---

**NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** *(continued)*

m) Revenue Recognition *(continued)*

Contributions received or where eligibility criteria have been met are recognized as revenue except where the contribution meets the criteria for deferral as described below. Eligibility criteria are the criteria that the School District has to meet in order to receive the contributions including authorization by the transferring government.

For contributions subject to a legislative or contractual stipulation or restriction as to their use, revenue is recognized as follows:

- Non-capital contributions for specific purposes are recorded as deferred revenue and recognized as revenue in the year related expenses are incurred,
- Contributions restricted for site acquisitions are recorded as revenue when the sites are purchased, and
- Contributions restricted for tangible capital assets acquisitions other than sites are recorded as deferred capital revenue and amortized over the useful life of the related assets.

Donated tangible capital assets other than sites are recorded at fair market value and amortized over the useful life of the assets. Donated sites are recorded as revenue at fair market value when received or receivable

The accounting treatment for restricted contributions is not consistent with the requirements of Canadian public sector accounting standards which require that government transfers be recognized as revenue when approved by the transferor and eligibility criteria have been met unless the transfer contains a stipulation that meets the criteria for liability recognition in which case the transfer is recognized as revenue over the period that the liability is extinguished. See note 2 (a) for the impact of this policy on these financial statements.

Revenue related to fees or services received in advance of the fee being earned or the service being performed is deferred and recognized when the fee is earned or the service is performed.

Investment income is reported in the period earned. When required by the funding party or related Act, investment income earned on deferred revenue is added to the deferred revenue balance.

n) Expenditures

Expenses are reported on an accrual basis. The cost of all goods consumed and services received during the year is expensed.

Categories of Salaries

- Principals, Vice-Principals, and Directors of Instruction employed under an administrative officer contract are categorized as Principals and Vice-Principals.
- Superintendents, Assistant Superintendents, Secretary-Treasurers, Trustees and other employees excluded from union contracts are categorized as Other Professionals.

**SCHOOL DISTRICT NO. 57 (PRINCE GEORGE)**  
**NOTES TO FINANCIAL STATEMENTS**  
**YEAR ENDED JUNE 30, 2021**

---

**NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** *(continued)*

n) Expenditures *(continued)*

Allocation of Costs

- Operating expenses are reported by function, program, and object. Whenever possible, expenditures are determined by actual identification. Additional costs pertaining to specific instructional programs, such as special and aboriginal education, are allocated to these programs. All other costs are allocated to related programs.
- Actual salaries of personnel assigned to two or more functions or programs are allocated based on the time spent in each function and program. School-based clerical salaries are allocated to school administration and partially to other programs to which they may be assigned. Principals and Vice-Principals salaries are allocated to school administration and may be partially allocated to other programs to recognize their other responsibilities.
- Employee benefits and allowances are allocated to the same programs, and in the same proportions, as the individual's salary.
- Supplies and services are allocated based on actual program identification.

o) Financial Instruments

A contract establishing a financial instrument creates, at its inception, rights and obligations to receive or deliver economic benefits. The financial assets and financial liabilities portray these rights and obligations in the financial statements. The School District recognizes a financial instrument when it becomes a party to a financial instrument contract.

Financial instruments consist of cash and cash equivalents, accounts receivable, portfolio investments, accounts payable and accrued liabilities, long term debt and other liabilities.

Except for portfolio investments in equity instruments quoted in an active market that are recorded at fair value, all financial assets and liabilities are recorded at cost or amortized cost and the associated transaction costs are added to the carrying value of these investments upon initial recognition and amortization using the effective interest rate method. Transaction costs are incremental costs directly attributable to the acquisition or issue of a financial asset or a financial liability.

Unrealized gains and losses from changes in the fair value of financial instruments are recognized in the statement of re-measurement gains and losses. Upon settlement, the cumulative gain or loss is reclassified from the statement of re-measurement gains and losses and recognized in the statement of operations. Interest and dividends attributable to financial instruments are reported in the statement of operations. There are no measurement gains or losses during the periods presented; therefore, no statement of re-measurement gains or losses is included in these financial statements.

All financial assets except derivatives are tested annually for impairment. When financial assets are impaired, impairment losses are recorded in the statement of operations. A write-down of a portfolio investment to reflect a loss in value is not reversed for a subsequent increase in value.

**SCHOOL DISTRICT NO. 57 (PRINCE GEORGE)**  
**NOTES TO FINANCIAL STATEMENTS**  
**YEAR ENDED JUNE 30, 2021**

---

**NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** *(continued)*

o) Financial Instruments *(continued)*

For financial instruments measured using amortized cost, the effective interest rate method is used to determine interest revenue or expense.

p) Measurement Uncertainty

Preparation of financial statements in accordance with the basis of accounting described in note 2(a) requires management to make estimates and assumptions that impact reported amounts of assets and liabilities at the date of the financial statements and revenues and expenses during the reporting periods. Significant areas requiring the use of management estimates relate to the potential impairment of assets, liabilities for contaminated sites, rates for amortization and estimated employee future benefits. Actual results could differ from those estimates

q) Future Changes in Accounting Policies

**PS 3280 Asset Retirement Obligations** issued August 2018 establishes standards for recognition, measurement, presentation and disclosure of legal obligations associated with the retirement of tangible capital assets and is effective for the year beginning July 1, 2022. A liability will be recognized when, as at the financial reporting date:

- a) there is a legal obligation to incur retirement costs in relation to a tangible capital asset;
- b) the past transaction or event giving rise to the liability has occurred;
- c) it is expected that future economic benefits will be given up; and
- d) a reasonable estimate of the amount can be made.

Liabilities are recognized for statutory, contractual or legal obligations associated with the retirement of tangible capital assets when those obligations result from the acquisition, construction, development or normal operation of the assets. The obligations are measured initially at fair value, determined using present value methodology, and the resulting costs capitalized into the carrying amount of the related tangible capital asset. In subsequent periods, the liability is adjusted for accretion and any changes in the amount or timing of the underlying future cash flows. The capitalized asset retirement cost is amortized on the same basis as the related asset and accretion expense is included in the [Consolidated] Statement of Operations.

A modified retroactive application has been recommended by Government pending approval in the Fall of 2020. Management is in the process of assessing the impact of adopting this standard on the School District's financial results.

**PS 3400 Revenue** issued November 2018 establishes standards on how to account for and report on revenue and is effective July 1, 2023. Specifically, it differentiates between revenue arising from transactions that include performance obligations, referred to as "exchange transactions", and transactions that do not have performance obligations, referred to as "non-exchange transactions".

**SCHOOL DISTRICT NO. 57 (PRINCE GEORGE)  
NOTES TO FINANCIAL STATEMENTS  
YEAR ENDED JUNE 30, 2021**

---

**NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** *(continued)*

q) Future Changes in Accounting Policies *(continued)*

Revenue from transactions with performance obligations should be recognized when (or as) the school district satisfies a performance obligation by providing the promised goods or services to a payor.

Revenue from transactions with no performance obligations should be recognized when a school district:

- a) has the authority to claim or retain an inflow of economic resources; and
- b) identifies a past transaction or event that gives rise to an asset.

This standard may be applied retroactively or prospectively. Management is in the process of assessing the impact of adopting this standard on the School District’s financial results.

EARSL - March 31	10.6	10.6

**SCHOOL DISTRICT NO. 57 (PRINCE GEORGE)  
NOTES TO FINANCIAL STATEMENTS  
YEAR ENDED JUNE 30, 2021**

---

**NOTE 9      EMPLOYEE PENSION PLANS**

The school district and its employees contribute to the Teachers' Pension Plan and Municipal Pension Plan (jointly trusted pension plans). The boards of trustees for these plans, representing plan members and employers, are responsible for administering the pension plans, including investing assets and administering benefits. The plans are multi-employer defined benefit pension plans. Basic pension benefits are based on a formula. As at December 31, 2019, the Teachers' Pension Plan has about 49,000 active members and approximately 39,000 retired members. As of December 31, 2019, the Municipal Pension Plan has about 213,000 active members, including approximately 27,000 from school districts.

Every three years, an actuarial valuation is performed to assess the financial position of the plans and adequacy of plan funding. The actuary determines an appropriate combined employer and member contribution rate to fund the plans. The actuary's calculated contribution rate is based on the entry-age normal cost method, which produces the long-term rate of member and employer contributions sufficient to provide benefits for average future entrants to the plans. This rate may be adjusted for the amortization of any actuarial funding surplus and will be adjusted for the amortization of any unfunded actuarial liability.

The most recent actuarial valuation of the Teachers' Pension Plan as at December 31, 2017, indicated a \$1,656 million surplus for basic pension benefits on a going concern basis.

The most recent actuarial valuation for the Municipal Pension Plan as at December 31, 2018, indicated a \$2,866 million funding surplus for basic pension benefits on a going concern basis.

The school district paid \$12,146,325 for employer contributions to the plans for the year ended June 30, 2021 (2020: \$12,056,130).

The next valuation for the Teachers' Pension Plan will be as at December 31, 2020, with results available in 2021. The next valuation for the Municipal Pension Plan will be as at December 31, 2021, with results available in 2022.

Employers participating in the plans record their pension expense as the amount of employer contributions made during the fiscal year (defined contribution pension plan accounting). This is because the plans record accrued liabilities and accrued assets for each plan in aggregate, resulting in no consistent and reliable basis for allocating the obligation, assets and cost to individual employers participating in the plans.

**NOTE 12 WRITE-OFF OF BUILDING**

During the year, the School District wrote off a school building which was had been home to Shas Ti Kelly Road Secondary School at 7405 Kelly Road in Prince George. The replacement building was available for use during the year, and demolition of the old building commenced. The building was originally constructed in 1961, with additions made to the building between 1963 and 1994. The cumulative cost of the school recorded in the School District’s books was \$14,039,819. The net book value of the school written off was \$1,780,600 offset by a write off of an equal amount of deferred capital contributions.

**NOTE 13 INTERFUND TRANSFERS**

Interfund transfers between the operating, special purpose and capital funds for the year ended June 30, 2021, were as follows:

- A transfer in the amount of \$724,379 (2020 - \$44,999) was made from Special Purpose Funds to the Capital Fund for the purchase of capital assets.
- A transfer in the amount of \$1,629,092 (2020 - \$3,545,610) was made from the Operating Fund to the Capital Fund for the purchase of capital assets.

**YEAR ENDED JUNE 30, 2021**

---

**NOTE 14 RELATED PARTY TRANSACTIONS**

The School District is related through common ownership to all Province of British Columbia ministries, agencies, School Districts, health authorities, colleges, universities, and crown corporations. Transactions with these entities, unless disclosed separately, are considered to be in the normal course of operations and are recorded at the exchange amount.

**NOTE 15 CONTRACTUAL OBLIGATIONS**

The School District has entered into a number of multiple-year contracts for the delivery of services and the construction of tangible capital assets. These contractual obligations will become liabilities in the future when the terms of the contracts are met. Disclosure relates to the unperformed portion of the contracts.

	2022	2023	2024	2025	2026
Student transportation contract	\$ 4,250,000	\$ -	\$ -	\$ -	\$ -
Shas Ti Kelly Road Construction	5,275,155	-	-	-	-
Vehicle operating leases	250,608	157,318	51,388	-	-

	<u>\$ 10,097,320</u>	<u>\$ 478,875</u>	<u>\$ 153,208</u>	<u>\$ -</u>	<u>\$ -</u>

**NOTE 16 CONTRACTUAL RIGHTS**

Contractual rights are rights to economic resources arising from contracts or agreements that will result in revenues and assets in the future. The School District's contractual rights arise because contracts entered into for shared use agreements and property rentals and leases. The following table summarizes the contractual rights of the School District for future assets:

	2022	2023	2024	2025	2026
Shared use agreement	\$ 137,500	\$ 277,750	\$ 283,305	\$ 288,971	\$ 294,751
Lease revenue	480,000	480,000	480,000	480,000	480,000
	<u>\$ 617,500</u>	<u>\$ 757,750</u>	<u>\$ 763,305</u>	<u>\$ 768,971</u>	<u>\$ 774,751</u>

NOTES TO FINANCIAL STATEMENTS  
YEAR ENDED JUNE 30, 2021**

---

**NOTE 17    CONTINGENT LIABILITIES**

The nature of the School District's activities is such that there is usually litigation pending or in process at any time. With respect to unsettled claims at June 30, 2021, management believes the School District has valid defenses and appropriate insurance coverage in place. In the event that any claims are successful, management believes that such claims are not expected to have a material effect on the School District's financial position.

Legal liabilities may exist for the removal or disposal of asbestos in schools that will undergo major renovations or demolition. The fair value of the liability for asbestos removal or disposal will be recognized in the period in which it is incurred if a reasonable estimate or fair value can be made. As at June 30, 2021, the amounts and timing of any such liabilities are not reasonably determinable.

**SCHOOL DISTRICT NO. 57 (PRINCE GEORGE)**  
**NOTES TO FINANCIAL STATEMENTS**  
**YEAR ENDED JUNE 30, 2021**

**NOTE 18 BUDGET FIGURES**

Budget figures included in the financial statements were approved by the Board through the adoption of an amended annual budget on February 23, 2021. Reconciliation to the original approved budget is presented below:

	Original Approved Budget	Amendments	Amended Approved Budget
<b>Revenue:</b>			
Ministry of Education Provincial Grants	\$ 157,061,967	\$ 9,709,697	\$ 166,771,664

**NOTE 21 COMPARATIVE FIGURES**

The financial statements have been reclassified, where applicable, to conform to the presentation used in the current year. The changes do not affect prior year surplus.

**NOTE 22 ECONOMIC DEPENDENCE**

The operations of the School District are dependent on continued funding from the Ministry of Education and various governmental agencies to carry out its programs. These financial statements have been prepared on a going concern basis.

**SCHOOL DISTRICT NO. 57 (PRINCE GEORGE)  
NOTES TO FINANCIAL STATEMENTS  
YEAR ENDED JUNE 30, 2021**

---

**NOTE 23 RISK MANAGEMENT**

The Board ensures that the School District has identified its risks and ensures that management monitors and controls them.

a) Credit risk:

Credit risk is the risk of financial loss to an institution if a customer or counterparty to a financial instrument fails to meet its contractual obligations. Such risks arise principally from certain financial assets held consisting of cash, amounts receivable and investments.

The School District is exposed to credit risk in the event of non-performance by a borrower. This risk is mitigated as most amounts receivable are due from the Province and are collectible.

It is management's opinion that the School District is not exposed to significant credit risk associated with its cash deposits and investments as they are placed in recognized British Columbia institutions and the School District invests solely in guaranteed investment certificates, term deposits and bonds.

b) Market risk:

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk is comprised of currency risk and interest rate risk.

- Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in the foreign exchange rates. It is management's opinion that the School District is not exposed to significant currency risk, as amounts held and purchases made in foreign currency are insignificant.
- Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in the market interest rates. The School District is exposed to interest rate risk through its investments. It is management's opinion that the School District is not exposed to significant interest rate risk as they invest solely in guaranteed investment certificates, term deposits and bonds that have a maturity date of no more than 5 years.

c) Liquidity risk:

Liquidity risk is the risk that the School District will not be able to meet its financial obligations as they become due.

The School District manages liquidity risk by continually monitoring actual and forecasted cash flows from operations and anticipated investing activities to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the School District's reputation.

Risk Management and insurance services for all School Districts in British Columbia are provided by the Risk Management Branch of the Ministry of Finance.
