Continuing Education Students:

Continuing Education hopes you are all well and safe during these troubling and difficult times. We are developing a method for you, Continuing Education (CE) students, to be able to continue your studies with your CE teacher, from home.

We understand many of you are working on completing courses towards graduation, entering post-secondary institutions in September, and for other important reasons. What better way to maintain mental well being, than to be productive at home; learning is a great way to spend time while you are required to be at home.

Our staff have committed to being flexible so you can protect your health while you continue with your studies. To contact the Learning Centre, please email CEinfo@sd57.bc.ca, and leave an email message stating: your name, your phone number, your course, and your teacher, your question or difficulty, and someone will return your email with a phone call and follow-up your request. Alternatively, you can call the Learning Centre between 9:00 am and 2:00 pm and use the local of your teacher.
