October 8, 2020

Dear Parents, Guardians and Caregivers:

Today, during our lunch period, due to a police incident in the neighborhood, we asked all of our students to return to the building and went into a “Hold and Secure” as a precaution to keep our students and staff safe.

A “Hold and Secure” is initiated when there is an incident in the neighborhood resulting in students and staff being moved inside the building.

We thank our staff and students for quickly moving inside and following the instruction given. We acknowledge that this type of incident can be upsetting for students. Should your child need support, please contact us as this will be made available for students and staff who have identified a need.

As the RCMP are continuing their work, we ask that if you have any questions or concerns to please contact me at the school.

Sincerely,

Sid Jawanda - Principal
