

September 25, 2019

Dear Hockey Parents/Guardians,

Welcome to the 2019-2020 Hockey Program at École Heather Park.

The 2019-2020 Hockey Program starts on Tuesday, October 15th and goes until March 12th on Tuesdays and Thursdays. This year we have a few changes to the hockey program. Ms. Shaina Keating will be teaching the Beginner / Intermediate Hockey Program for grade 4-7 students. This year there will be an advanced Hockey Program for grade 7 students and will depend on student skill level and ability. The make-up of the classes will be based on registrations in each of the 4 grade levels and is subject to change. The advanced hockey program will be combined with the hockey program at Kelly Road Secondary from 2:00-3:00pm on Tuesdays and Thursdays.

Goals of the Hockey Program

The intent of the Heather Park Hockey Program is to offer students flexibility and choice and personalized learning opportunities to meet their Physical Education and Health and Career Education (HACE) Learning Outcomes. Personalized learning refers to student centered learning that focuses on the needs, strengths, and aspirations of each student. In addition, flexibility and choice simply refers to offering students more choice with their learning.

In the hockey program, students will be assessed on learning outcomes from the Physical Education and Health and Career Education curriculums. In addition, students will be strengthening their own hockey skills based on their current level of performance.

We are excited for the start of this year’s Hockey Program as we provide an opportunity for our students to develop their hockey skills while promoting physical education, teamwork and having fun playing sports.

If you have any questions please contact myself (Mr. Parrish Child) at pchild@sd57.bc.ca or Ms. Shaina Keating at skeating@sd57.bc.ca. We will be having a hockey meeting on Wednesday, October 9th at 7:00pm in the upstairs computer lab for parents and students.

Sincerely,

Parrish Child
Principal, École Heather Park
