

BackToSchoolKits by Mills makes Back to School efficient, affordable and easier for parents by allowing you to order your child's teacher specified school supply list!

École Lac de Bois is proud to partner with **BackToSchoolKits** To help make Back to School as easy as possible for parents.

We would like to introduce you to and offer **BackToSchoolKits**—complete school supply kits for students containing supplies that have been selected, endorsed and approved by your child's school principal and/or PAC as primary choices for the year ahead.

BackToSchoolKits allows you to view and order the upcoming year's required supplies list for your child, as specified by their teacher, and is the most efficient way to ensure that your child has all of the core supplies they need on their first day back. All at savings of up to 50% off regular retail prices and significantly all of this without leaving the safety and comfort of your own home. Can you imagine how retailers will be struggling to manage the long lines and social distancing requirements this summer during the inevitable back to school rush?
