September 25, 2020

Dear Morfee Families,

We thank everyone—students, teachers, and families—for your dedication, hard-work, and patience in starting the new school year successfully despite the unusual circumstances of this pandemic year. We thank the teachers for all their hard work redesigning their lessons and classrooms to meet the new safety expectations while still being able to deliver a full and comprehensive curriculum.

All of us recognize that we need to be flexible and understanding during this time as we adjust to our new reality, and we respectfully ask our community to be flexible and understanding going in to next week.

Due to the various options available for schooling this year, the dynamics of our student enrolment has shifted. This is not unique to Morfee Elementary, or Mackenzie. Across School District 57, elementary schools are using this weekend to reorganize our classrooms and learning groups. With the long weekend for students, custodial will have the opportunity to clean and disinfect schools.

What does this mean for students?

When students show up for school on Monday, they may be switched to a different classroom. There will be staff members outside with class lists to help students find their correct classrooms as there was on the first day. Our staff is sensitive to the possibility this may be an emotional transition for students.

Thank you for your understanding.

Please feel free to contact the school with any questions or concerns you may have.

Warm Regards,

A handwritten signature in black ink, appearing to read "E. Langlais".

Edward Langlais
Principal
Morfee Elementary
