To Parents and Guardians,

For those parents who have chosen to place their child on the "transition" program I want to let you know that learning packages are available for pick up at the school starting Monday, September 21. Due to COVID 19 we are still unable to let parents into the building so please come to the front doors, knock loudly and someone will come and give you your child's package.

To return your child's completed package please come to the front door, knock loudly and someone will come and take the package from you.

New packages will be available every Monday for the duration of the "transition" period.

Conrad Turner

Principal

Ron Brent Elementary School

School District #57 - Prince George, BC
