

*Construction at Riverbend Housing Development*

## New School Playground and Field

The City of Prince George and School District 57 are working together to redevelop the play equipment at Ron Brent Elementary School.

During the summer, the existing playground will be removed and replaced with the following:

**New Playground Equipment** with new pre-school and school-aged adventure playground equipment along with 2 four bay swing sets for these age ranges.

**New Sports Field** to be located within the existing school playground area at 75% of the original field size and to include new soccer goal posts (see map on back of this sheet).

The funding for this school project was made possible through the sale of land at Ron Brent Park to make way for the River Bend Senior's housing complex. The new playground and field will be completed in time for the new school year this fall.

## Ron Brent Park – 2018 Construction

The new amenities at Ron Brent Elementary School will be complemented by the redevelopment of Ron Brent Park in 2018.

The City will be inviting residents and stakeholders to attend a Public Open House to provide input into a new plan for the park that will help create a multi-generational park with amenities for neighbourhood residents, and adjacent school and other land uses. The planning for the park will occur over the winter and will be followed by construction in 2018.

Visit the City's website for project updates and information on the upcoming Public Open House.

## Ron Brent Park Redevelopment Schedule:

**SUMMER 2017** - New Playground and Field

**FALL 2017** - Public Open House

**SUMMER 2018** - Park Redevelopment
